老若男女問わず気軽に行えるイメージの強い卓球ですが、世界のトップ選手が打つスマッシュの最高速度は、時速 120 km程度とされています。台から少し離れて打ち合った場合、選手同士の距離が約 4mとすると、わずか 0.1 秒でボールが飛んでいくほどすさまじいスポーツなんですよ。

Although table tennis has a image as a sport that can be played casually by all ages or gender, it is said that the maximum speed of a smash hit by the world's top players is around 120 km/h. If the distance between players is about 4 meters, the ball flies off the table in only 0.1 second.

## FAMILY ACTIVITY

### Scavenger Hunt

お部屋の中にある物を 1 つ選び、お子様に探して持って来てもらうゲームです。"Please bring me(物の名前)"と言ったら、お子様はその物を探します。持ってきた物が正しければ、"Thank you. Good job!"と言って、次に進みます。一度にいくつかの物を探して持つという上級編もあります。また、実際の物以外でも、フラッシュカードを使っても楽しいですよ。

Look around the room and choose an item. Ask your child to bring it to you by using the phrase, "Please bring me (name of the item.)" If he or she has got the right object, say, "Thank you. Good job!" and move onto the next item. If your child is capable, you can ask him or her to bring several items to you at once. You can make and use your own flashcards instead of actual objects.
